## Blood Donation Camp 2023-24

*'Life is precious but saving that life is adorable.'*

### 1. TITLE OF THE PRACTICE

Blood Donation

### 2. OBJECTIVES

- To create the consciousness of valuing voluntary
- To inculcate in the young minds about their voluntary action which will save or change the life of an unknown
- To develop awareness of indispensable voluntary donation of blood at crucial times to save
- To promote the same congenial spirit in the peer
- To assuring the availability of any group of blood to the needy people at any

### 3. THE CONTEXT

- The noble act of donating blood periodically is a great human gesture. The message that donating blood voluntary is an important part on humans to express their concern or caring for the lives of others.
- Now the need of blood has been increasing every moment of a minute. It is required during the emergency occasions like accidents, surgeries, to cure the chronic illness and also in the treatment of cancer and like that.
- In this fast way of living life, regularly voluntary and healthy blood donors are needed in large number to make generous blood donations.

#### 4. **THE PRACTICE**

- The college has organized Blood Donation Camp in college campus. Initially the volunteers maintained a list of Blood Donor and College authorities did all other necessary arrangement required for blood donation camp.
- The blood donation unit of J. L. N. Hospital Ajmer, had come to S.V.S.P.M. Roopangarh to collect the blood. All our students, teachers and villagers had come forward to donate blood. After collecting the blood, certificates of appreciation has given to the blood donor by the members of the blood donation unit.
- Through these kinds of healthy practices many students got enlighten about the importance of blood donation.
- We hope that in future students will enthusiastically come forward and motivate others also to donate their blood to the needy in regular intervals.

#### 5. **PROBLEM ENCOUNTERED**

- Students sometimes found it difficult to explain concepts to villagers about blood donation as they have their own preconceived notions about blood donation as, if anyone donates blood the quantum of blood in the body decreases, some get high blood pressure, increase in body weight etc. In many occasions parents act negatively though their sons or daughters willingly come forward for blood donation.

#### 6. **CARE TAKEN**

- Students who have donated blood are given adequate nutritious food and sufficient rest. They are taken care by the college authorities properly.

#### 7. **RESOURCES REQUIRED**

- As per the requirement of the camp.

#### 8. **EVIDENCE OF SUCCESS**

- A leader can always be a doer. Similarly our principal and Staff both teaching and non teaching have donated blood. 55 units of blood is collected by J. L. N. Hospital Ajmer.
